

March 21, 1974

PRESIDENT: If you're in favor of the amendment, vote aye. If not, vote no. Clerk will record.

CLERK: 26 ayes, no nays.

PRESIDENT: The amendment is adopted.

CLERK: Read fourth amendment.

SENATOR MARVEL: That's something different, Vince. These are all the amendments here that I want to take up now.

PRESIDENT: Okay. Do you want to progress with your explanation then? I presume beyond page 12?

SENATOR MARVEL: Let's hold that amendment up until we get to the Department of Roads. Now, Mr. President, I would like to.....

PRESIDENT: Proceed, Senator Marvel.

SENATOR Marvel: On page 12, we'll see if there are any questions. I'd like to refer just briefly to the language used in...in the....we're still on the Department of Education and on page 12, starting with line 18, we're talking about funding for the Nebraska School for the Deaf. And I would call to your attention, there are three here. Nebraska School for the Deaf, School for the Blind and the School for the Trainable Retarded. And we have seen fit to put General Fund money into these schools because we really don't know yet what the total impact is going to be on LB403. So on page 12, we start and we're serving under the Nebraska School for the Deaf, approximately 185 students, and that total is on page 13, \$1,014,660 and the next program 402 is the Nebraska School for the Visally Handicapped and that serves approximately 65 students, with a total budget spelled out on page 14 of \$550,278. And on page 14, starting with line 12, we have program 403 which is the School for the Trainable Retarded at Cozad which serves roughly 35 students with a total budget of \$112,000.....

(End of Belt 8A)

(Begin Belt 9A)

\$112,662 dollars. On page 15, we're talking about, once again the Department of Education, program 508 which has to do with school services and educational standards. On page 16, we're talking about instructional television program 642 and this would take us, Mr. President, up to page 17, agency 16, the Department of Revenue. And I would suggest that if there are no questions that we stop at this point and begin the discussion tomorrow on the balance of this bill. Because I think there is some other discussion that needs to take place.

PRESIDENT: All right, Senator Carpenter, did you wish to be recognized? Senator Marvel, yield to a question?

SENATOR CARPENTER: Now, only for the purpose of an explanation. These various programs you have been discussing have the effect of earmarking definitely the amount of money which can be expended on each individual program?
